Everyone's a star  
Look inside and you know you are

I saw a man dancin' on the corner  
Hat out, he was dancin' for quarters  
Every time, see a smile on his face  
Never concerned with the fortune or fame

I saw a girl playing with her dollies  
Brother took one then she called for her mommy  
She started crying said, "One thing I know  
Mama's flying out like a superhero"

It's hard to see but you know  
That anyone can fly  
Open your eyes, see the truth  
And you will realize that

Everyone's a star  
Look inside and you know you are  
You can reach the sky  
We can all play the part 'cause everyone's a star

Teachers teach on  
Taxis blow your horns  
Sweeper sweep on  
DJ's keep rocking 'til the break of dawn

The simple things can be so profound  
Bus drivers make the world go round  
Everybody's got a thing they do  
Mailman, trash man, waiters too

It's hard to see but you know  
That anyone can fly  
Open your eyes, see the truth  
And you will realize that

Everyone's a star  
Look inside and you know you are  
You can reach the sky  
We can all play the part 'cause everyone's a star

Everyone's a star  
All your dreams are never too far, no, no  
You can shine so bright  
'Cause you know in your heart that everyone's a star

It's hard to see but you know  
Anyone can fly  
If you open your eyes, you will see the truth  
And you, you will realize

Everyone's a star  
Everyone's a star

Everyone's a star  
Look inside you know you are, you are
