Feels like love, feels like love
Hey, yeah, yeah, yeah

You got, me spinnin' now
I feel your happiness all around
I'm not sure what I'm getting into
Feels like love

We're not the same, everybody knows
That's the best thing about us though
So hard to believe it but it's true
Feels like love

We see the world in different ways
But I'm lovin' every minute of every day
Against the odds we'll make it through

Maybe this could be more than just fun
This could be everything that I want
What's happening to me? Could you be the one
This could be everything that I want
I didn't know how good it could be
And it feels like love to me

Feels like love, feels like love
Hey, yeah, yeah, yeah

I didn't know I could feel this way
It's a new world, maybe that's okay
You're like a part of me I never knew
Feels like love

You're the one I need next to me
But I know that it's hard to be
Living for everybody else but you
Feels like love

Real love's not supposed to be
Afraid of what everybody thinks
So let's show 'em all what we can do

Maybe this could be more than just fun

(More than just fun)
This could be everything that I want
(Everything that I want)

What's happening to me? Could you be the one?
(Could you be the one?)
This could be everything that I want
I didn't know how good it could be
(Could be)
And it feels like love to me
(Love to me)

I've got to say it now
Seems too hard to do this
We're gonna work it out
Nothing about us makes sense

I'll build a bridge
From where I am to where you are
It shouldn't have to be this hard

Maybe this could be more than just fun
(Yeah, ye-yeah, ye-yeah, ye-yeah, yeah, yeah, yeah)
This could be everything that I want
(Everything that I want)

What's happening to me? Could you be the one?
(The one I love)
This could be everything that I want
(Oh, yeah, yeah, yeah)

I didn't know how good it could be
(No, no)
And it feels like love to me
(Like love to me)

Feels like love, feels like love
It feels like love to me
Feels like love, feels like love
(Like love, feels like love)
It feels like love to me
(Feels like love to me)
