Alright, yeah

We're standing on the edge of something  
Do we stay or do we run?  
It's obvious, everything is changed

My head can't seem to figure out  
Why my heart is full of doubt  
Maybe we're just tired of the game

Guess you never know what's gonna happen  
So you do the best you can  
Following your soul might bring you back  
Or it may have another plan

Please don't let it fly away, high away  
Gotta keep it together, feel for the flow  
Don't fly away, high away  
Please don't, please don't  
Don't let it fly away

We've never felt this place before  
Wondering if anymore  
We can find in us what it takes

It's not about who's to blame  
I pray that they're just growing pains  
Laughing while they're testing our faith

'Cause you never know what's gonna happen  
So you do the best you can  
Following our souls might bring us back  
Unless it has another plan

Please don't let it fly away, high away  
Gotta keep it together, feel for the flow  
Don't fly away, high away  
Please don't, please don't  
Don't let it fly away

It's yes, it's no, we stay, we go  
Feels like we're questioning everything, yeah

We run, we fall but through it all, through it all  
We never thought we would break  
We never thought we would break, yeah

Please don't let it fly away, high away  
Gotta keep it together, feel for the flow  
Don't fly away, high away  
Please don't, please don't  
Don't let it fly away

Fly away, high away  
Gotta keep it together, feel for the flow  
Don't fly away, high away  
Please don't, please don't  
Don't let it fly away

Don't fly away, high away  
Gotta keep it together, feel for the flow  
Don't fly away, high away  
Please don't, please don't  
Don't let it fly away
