Six hours behind, the changes of time
Ten thousand miles from home
I'm so far away, so long it seems like
This road is all I know
When I was young I dreamed of adventure
And places I'd never seen before
But when I close my eyes and sleep at night
All I dream of now is home

So long, that I've been gone
If there's one thing I know
Is that there's no place like home
Far away, it changes everyday
If there's one thing I know
Is that there's no place like home

Six months since the day I went away
It didn't seem like that long
It hit me when I was changing planes
From Paris to New York
I'm dreading the days that are ahead
I haven't slept in my own bed
Oooh, I'm dreamin' of home

What I've seen and what I've done
Don't mean a thing without where I come from
Who I am and all I ever did
Home is where the heart is (where the heart is)

So long, that I've been gone
If there's one thing I know
Is that there's no place like home
Far away, it changes everyday
If there's one thing I know
Is that there's no place like home

Call me, tell me that you miss me
Give me something, I can
hold on to the days when I had
Take me another moment
I need some clarity
Remind me what it's like to be

There's no place like ho-o-ome

Far away

There is not place like home

I wanna go home, home, home (I know, I know, I know, I know, I know)

Bring me back home, home, home (He-e-e-ey)

Home, Home

So long, that I've been gone

If there's one thing I know

Is that there's no place like home
