I'm only human
I'm only human

There comes a time
When you have to look back at your life
All the things you know that you have done
All the things that you've become

It's hard to say
All the reasons that you walked away
Did you think that I was just too strong?
Let me tell you you were wrong

'Cause even though I made it on my own
Sometimes the world was cold standin' alone
I'm reachin' for a hand that I can hold
'Cause in the end I'm only human

My heart's not made of steel
I'm lookin' for someone to break my shield
'Cause even superheros have to feel
And in the end I'm only human

I may stand my ground
But doesn't mean my mind's not spinnin' round
Don't be deceived by who ya think I am
There's so much more you just don't understand

Have you seen me cry?
Have you ever really looked into my eyes?
You would see the walls around me ain't that high
Did you ever really try?

'Cause even though I made it on my own
Sometimes the world is cold standin' alone
I'm reachin' for a hand that I can hold
'Cause in the end I'm only human

My heart's not made of steel
I'm lookin' for someone to break my shield
'Cause even superheroes have to feel
And in the end I'm only human

There's so many signs to me
So don't be fooled by what'cha see
Underneath all of these lies
I'm human on the inside

I'm only human
I'm only human
I'm only human

'Cause even though I made it on my own
Sometimes the world is cold standin' alone
I'm reachin' for a hand that I can hold
'Cause in the end I'm only human

My heart's not made of steel
I'm lookin' for someone to break my shield
'Cause even superheros have to feel
And in the end I'm only human

I'm only, I'm only, I'm only
I'm only human, human
I'm only, I'm only, I'm only
I'm only human, human
