Kiely

Hey Boy when you look at me  
That way I can hardly breath  
I know your smile  
like the back of my hand  
Do you understand want you to be my man  
boy ain't no other one for me

Adrienne

Close enough to touch, but still so far away  
You probably never knew, I felt this way

All

I wanna be the first thing on your mind in the morning  
The one who knows it's you when you're calling  
Girl who dries your tears, when there are falling  
I wanna know you like that  
I wanna be the one to run to  
When things get crazy  
Only girl that you call your baby  
One who's always got your back  
I wanna know you like that

Adrienne

I've been waiting, for so long and  
What I'm feeling, is so strong  
Don't leave me here  
On the edge of my dream  
Boy you'll be there for me baby make me believe  
That you're the one for me

Sabrina

I tried to show you how I feel but the words got in the way  
Still I gotta let you know, what I'm trying to say (say)

All

I wanna be the first thing on your mind in the morning  
The one who knows it's you when you're calling

Girl who dries your tears, when there are falling  
I wanna know you like that

I wanna be the one to run to  
When things get crazy  
Only girl that you call your baby  
One who's always got your back  
I wanna know you like that

Adrienne  
I'll hold you down when times get rough  
Teach you all about my love  
Cause half your heart just ain't enough  
To make me happy  
Tell me bout' your deepest dreams  
Your hopes, your fears, and everything  
Cuz that's the way that it should be  
Baby you and me... Heyyyyyy!!!

All  
I wanna be the first thing on your mind in the morning  
The one who knows it's you when you're calling  
Girl who dries your tears, when there are falling  
I wanna know you like that  
I wanna be the first thing on your mind in the morning  
The one who knows it's you when you're calling  
Girl who dries your tears, when there are falling  
I wanna know you like that  
All  
Ooh I wanna know what's up with you  
I wanna be the one to turn to, I wanna have you back  
Boy, I wanna know you like that. (repeat)

Adrienne  
I wanna know you like that....that that
