It's gonna be alright

It's gonna be alright, everything is getting better  
It's all gonna work out in time

Whatever the problem  
You know I'll come runnin' when you call  
You can ask for the moon  
Nothing's too big or too small

I've been there before  
Sulking behind a closed door, feelin' all alone  
But don't you worry, the dark gets lighter  
I just want you to know

It's gonna be alright, everything is getting better  
It's all gonna work out in time  
It's gonna be alright, we're gonna make it together  
Everything will turn out fine

Whenever the tears drops  
Don't let the hope stop in your life  
Things happen for reasons  
And change with the seasons so don't cry

When the world's on the overload  
You're shivering from the cold know this to be true  
You know that time heals all wounds  
This I promise you

It's gonna be alright, everything is getting better  
It's all gonna work out in time  
It's gonna be alright, we're gonna make it together  
Everything will turn out fine

The sun will rise as sure as there's a day time  
Don't worry 'bout a thing in time you're gonna see  
Your life is everything you make it, the hard times  
never last  
Trust in your heart and don't look back

It's gonna be, it's gonna be

It's gonna  
It's gonna be, it's gonna be  
It's gonna be alright

It's gonna be alright, everything is getting better  
It's all gonna work out in time  
It's gonna be alright, we're gonna make it together  
Everything will turn out fine

It's gonna be alright, everything is getting better  
It's all gonna work out in time  
It's gonna be alright, we're gonna make it together  
Everything will turn out fine

It's gonna be alright, everything is getting better  
It's all gonna work out in time  
It's gonna be alright, we're gonna make it together  
Everything will turn out fine
