Chorus:

It's gonna be alright  
Everything's gettin' better  
It's all gonna work out in time  
It's gonna be alright  
We're gonna make it together  
Everything will turn out fine

Whatever the problem  
You know I'll come runnin' when you call  
You can ask for the moon  
Nothing's too big or too small

I've been there before, sulking behind a closed door  
Feelin' all alone  
Don't you worry  
The dark will get lighter  
I just want you to know

Chorus

Whenever the tear drops

Don't let the hope stop in your life  
Things happen for reasons  
And change with the seasons  
So don't cry

When the world's on overload  
You're shivering from the cold  
Know this to be true  
You know that time heals all wounds  
This I promise you

Chorus

The sun will rise as sure as there's tomorrow  
Don't worry 'bout a thing... in time you're gonna see  
Your life is everything you make it  
The hard times never last  
Trust in your heart and don't look back
