I could be recognized from a distance  
Yeah, I could be the biggest name on the screen  
Singing and dancing forever  
Signing my name for whoever  
Yeah, it's all in my reach, yeah

If I give it all that I got  
I get there to the top  
But I don't even wanna to go  
If I have to go there alone, so

Stand me on top of that mountain  
And let me fly to the end of the world  
Yeah, I can go anywhere  
But if you're not with me there it'll never be enough  
There's no place like us, there's no place like us

If I find the other side of the rainbow  
Will I find that the gold ain't worth any price?  
'Cause if we ain't there for each other  
Then all I got doesn't matter  
No, it won't be right to

Give it all that I got  
And get there to the top  
If you're not up there with me  
There's nothing I wanna see, so

Stand me on top of that mountain  
And let me fly to the end of the world  
Yeah, I can go anywhere  
But if you're not with me there it'll never be enough  
There's no place like us, there's no place like us

It doesn't matter where we are  
Or matter how far  
'Cause even when we go our separate ways  
We'll be the place

I believe that I can do it  
But alone I won't get through it  
We know we gotta stick together

'Cause no matter what there's no place like us  
No, no, no, no place like us, no place like us

Stand me on top of that mountain  
And let me fly to the end of the world  
I can go anywhere  
But if you're not with me there it'll never be enough  
There's no place like us, there's no place like us

No where, no way, no price I'd pay  
There's no place like us  
No where, no way  
There's no place like us
