I used to say when I was a child
I could do anything
Be everything
I though I had the world in my hands
And everything revolved around me
It was all about me

Pre-Chorus:

I wanted this and that and more
I always said the sky's the limit
But I didn't think it'd be so hard
Life's like a maze
I got lost in it
Now my perspective is changed

Chorus:

I can't say I see the future so
I'm gonna take it day to day
I may not know just where I'm going but
I know that I'm on my way (repeats)

I changed my mind and changed back again
Though I had moved on
And each time was different
I woke up one day and realized
I was in the same place
Doing the same things

Pre-Chorus:

So right now I'm kinda confused
About my life and where I'm going
Seems like I'm going in circles
Right or left
Which way to choose?
I've gotta a map, no destination
I don't know which way to go

(Chorus)

Bridge:

I'm gonna take this road
Not knowing where it will go

Leaving today with no answers
Okay, but I don't know
There's gonna be some pain
Some days might feel so long
But you can't fall off the floor
So up is the only way

(Chorusx2)
