Why do you even care for her?
She's just using you
To get back at him
You'll end up with a broken heart.

Chorus:
Who cares what I say
You won't listen anyway
Even when you look at me
I can tell that you can't see
What I'm trying to tell you

Take advice from experience
You're gonna get hurt
Even though it doesn't seem like it at first,

It always happens, and don't worry,
You won't be the only one

[Chorus]

Who cares what I say (no one)
You won't listen anyway (you need to listen)
I really can tell that you can't see (why won't you
see)
What I'm trying to tell you (why won't you listen)

[Chorus x2]
