For every ounce of courage in me  
Theres just the same amount of pain  
In you and me we both just plea  
It'll never sound the same

I'm just waiting  
For you to pick up  
Sitting  
Until the clock strikes twelve o clock  
I'm done  
Pretending and lying  
So listen closely  
Or face the consequences

For every ounce of courage in me  
Theres just the same amount of hate  
In you and me we both just plea  
It'll never sound the same  
For every fight that we engage in  
Another heart is stabbed  
And every time we play along with him  
This world's end is at hand

So you seem  
Not to care at all  
Like it all  
Has been done before  
But I'm trying new things  
You see me stride  
But only for my own life  
(not yours)

For every ounce of courage in me  
Theres just the same amount of hate  
In you and me we both just plea  
It'll never sound the same  
For every fight that we engage in  
Another heart is stabbed  
And every time we play along with him  
This world's end is at hand

So when you answer time freezes in my hands  
I control what happens, but you control how it ends  
Shivers run down my spine and i can feel your touch  
This is not what brought us here what gave us what we  
love...
