Have you even heard one single word of what I am
speaking to you
Because I've been trying to keep it clear that you are
one of a few
That are bringing me down to the ground I can't help
myself up
I've been terrified of my demise from the very start

Not going to surrender
Not going to die
Not going to give up
On my attempts to fly

If this is the end
Don't keep it to yourself
On my final days
You'll be the one that needs my help

Why do you keep ruining everything I wanted to have
All I wished was for a tip someone to help me through
these bad
Times I have can't fix them if I'm all alone
This is your key my melody to show you I can't go on

Living like this
No oh
I can't go on
Woah
Going on
Woah
I am done
No woah

Not going to surrender
Not going to die
Not going to give up
On my attempts to fly

If this is the end
Don't keep it to yourself
On my final days

You'll be the one that needs my help

So when you need me just try to blame me for all you
problems

But what you should do is blame yourself

Not going to surrender not going to die

I'm not going to give up on my attempts to fly

If this is the end

Don't keep it to yourself

On my final days

You'll be the one that needs my help
