well where do i begin  
there is just so much to say  
can i have you back now  
or is it better off this way  
and would you still be my friend  
if i never said hi again  
its not that i really care  
i just think that this isnt fair

lets go  
and celebrate a new life  
let go  
of all the past mistakes that ive made  
i know you think im sucking up  
and that this decision is really tough  
let go  
and fix the old times

well where did i leave off  
with you with him and me in bed  
i cant waste one more minute  
the bad times pass that make me sad  
and would you still be my friend  
if i never went along again  
its not that i wasnt there  
its the lies that i cant bear

lets go  
and celebrate a new life  
let go  
of all the past mistakes that ive made  
i know you think im sucking up  
and that this decision is real tough  
let go  
and fix the old times

and the past its way behind us now  
its never coming back its never coming back  
and the past is way behind the world now  
and there is no second chance no there is no second  
chance

let go  
i kno you think im sucking up

lets go  
and celebrate a new life  
let go  
of all the past mistakes that ive made  
i know you think im sucking up  
and that this decision is really tough  
let go  
and fix the old times
