What do you want from me what do you need from me
I'm done with you and I know your done with me
So what are you trying to tell me now
Well I don't care or fake this- (wow)

We depend on each day
To give us what we've always dreamed
And show us what we want from them
Give us what we want-

What do you want from me what do you need from me
By now you should know i can't give it to you
I'm on the edge of my seat about to fall off
I'm about to die and its not gonna be hard (what?)

this is my final chance to show you
that i am more that what i owe you
ill give you all that i can
but i depend on all i have

so good bye
