Breathe!

Lies!

Useless waste of human flesh,  
Fucking everything you see.  
Body like an hourglass,  
Your're just like a succubus.

No! I will not fall victim to your disease,  
Or your hideous vagina trap.  
Like fucking a malady filled  
With gangrenous wounds.

No! I will not fall victim to your disease,  
Or your hideous vagina trap.  
Like fucking a malady,  
I want nothing to do with you.

Love is dead,  
Instead you'd rather give head.  
Love is dead,  
Instead you'd rather give head.

You stupid trick, I will end this!  
You stupid trick, I will end this!  
You stupid trick, I will end this!  
You stupid trick, Your life is meaningless.

"Hit the lights, it's, boner time!"

Oh!

Love is dead.  
Instead you'd rather give head.  
Love is dead.  
Instead you'd rather give head.  
Hit the lights, it's boner time.  
Useless waste of human flesh.  
I will end this.
