They're either fallin' in or they're fallin' out.
That's the only kind of love you ever hear about.
But we're somewhere in between.
And it oughta go down in history.
'Cause love is alive with you and me.
And it's a real good place to be.

Chorus:

'Cause we're right in the middle of it.
Yeah, right in the middle of it.
There's no fireworks and no big bouquets.
No hot romance on display,
But we don't think about breakin' up.
We're right in the middle of love.

Yeah, all our friends wonder how we made it last.
We say we're lookin' at tomorrow and not the past.
No, they're never gonna make a movie 'bout us.
'Cause we don't have a Hollywood love.
The credits roll when a movie is through.
But there ain't gonna be an end to me and you.

Repeat Chorus twice:

We're just right in the middle of love
We're just right in the middle of love
