[INTRO]

You think you've done the good that I've done
I don't think so
You think you've hit the charts that I've hit
I don't think so
You think you've sold the units I've sold
I don't think so
You think you've been the places I've been?
Seen the things I've seen?
I don't think so
You think you've rocked the people I've rocked?
I don't think so
You think you've shot the people I've shot?
I don't think so
You think you've meet the people I've met?
I don't think so
You think I'd have so much girls if I was gay?
I don't think so

[CHORUS]

Fool, be quiet this ain't no time to cause a riot
I ain't willing to go retire
Seek the Messiah sing more prayer now
Fool, be quiet this ain't no time to cause a riot
I ain't willing to go retire
Seek the Messiah sing more prayer now
