Yo, sometimes you have to just be a man and
apologize to your woman, ya star
Yo, sometimes you have to just be a man and
apologize to your woman, ya star

The amount of ting whe you put her through
The amount of ting whe you put her through
Rock this!
Rock this!

When a girl cry cause of you
When a girl cry cause of you
Not one ting you can say or do
Not one ting you can say or do
Make any man go change his mind
Make any man go change his mind
No matter what you wanna do
No matter what you wanna do
First you find it hard to speak (true)
First you find it hard to speak (true)
Girl straight out make a brother weak
Girl straight out make a brother weak
Killing me softly every time
Killing me softly every time
And all that I can be
And all that I can be

[chorus:]

[chorus:]

On the street just ballin
On the street just ballin
Girls have been callin
Girls have been callin
Drop top fallin
Drop top fallin
Brothers keep rollin
Brothers keep rollin
Livin nothing but a street life (street life)
Livin nothing but a street life (street life)
[repeat]
[repeat]

For all the troubles I brought ya
For all the troubles I brought ya
For all the time that you cried
For all the time that you cried
Baby for that I apologize (apologize)
Baby for that I apologize (apologize)
For all the time that I've hurt ya
For all the time that I've hurt ya
For bringing tears to your eye
For bringing tears to your eye
Baby for that I apologize (apologize)
Baby for that I apologize (apologize)
Well I can see it in your eyes
Well I can see it in your eyes
No telling you no lies
No telling you no lies
Girl I did you wrong
Girl I did you wrong
You'll never find another guy
You'll never find another guy
So this is what we got to do
So this is what we got to do
Make a family cause it's true
Make a family cause it's true
Girl you are a part of me
Girl you are a part of me
My heart belongs to you
My heart belongs to you
Cause I can see it in your eyes
Cause I can see it in your eyes
No telling you no lies
No telling you no lies
Girl I did you wrong
Girl I did you wrong
You'll never find another guy
You'll never find another guy
This is what we got to do
This is what we got to do
Make a family cause it's true
Make a family cause it's true
Girl you are a part of me
Girl you are a part of me
My heart belongs to you now
My heart belongs to you now

[chorus:]

[chorus:]

On the street just ballin
On the street just ballin
Girls have been callin
Girls have been callin

Drop top fallin
Drop top fallin
Brothers keep rollin
Brothers keep rollin
Livin nothing but a street life (street life)
Livin nothing but a street life (street life)
[repeat]
[repeat]

Do you understand the feeling when I'm feeling
Do you understand the feeling when I'm feeling
When I tell you how I'm feeling
When I tell you how I'm feeling
When I'm feeling that way
When I'm feeling that way
Can't get over how you make everything better girl
Can't get over how you make everything better girl
When you are around me you bring joy to my day
When you are around me you bring joy to my day
Don't know what I will do without you in my life
Don't know what I will do without you in my life
I don't give a damn about what people wanna say
I don't give a damn about what people wanna say
All I'm saying that (what)
All I'm saying that (what)
This is where I'm at (at)
This is where I'm at (at)
And I'd do anything to make you stay
And I'd do anything to make you stay

[chorus:]
[chorus:]
On the street just ballin
On the street just ballin
Girls have been callin
Girls have been callin
Drop top fallin
Drop top fallin
Brothers keep rollin
