You never thought you would fall so far  
Lost inside your regrets  
And now you're trying to hide the scars  
Making a bigger mess  
Let go  
What you running from  
You are not alone

You gotta give it up  
You gotta let it go  
You have to open your heart  
Or you will never know  
You gotta let it out  
Don't let it take you down  
You will never survive  
If you don't turn around  
You gotta give it up, give it up  
Oh, you gotta give it up, give it up

You're holding on to  
What holds you back  
Why can't you see past yourself  
You're so consumed with  
What you don't have  
No space for anyone else  
Let go  
What you running from  
You are not alone

You gotta give it up  
You gotta let it go  
You have to open your heart  
Or you will never know  
You gotta let it out  
Don't let it take you down  
You will never survive  
If you don't turn around  
You gotta give it up, give it up  
Oh, you gotta give it up, give it up

Love's come to save you  
Rescue

Whoa  
Fighting to break through  
For you oh

You gotta give it up  
You gotta let it go  
You have to open your heart  
Or you will never know  
You gotta let it out  
Don't let it take you down  
You will never survive  
If you don't turn around

You gotta give it up  
You gotta let it go  
You have to open your heart  
Or you will never know  
You gotta let it out  
Don't let it take you down  
You will never survive  
If you don't turn around  
You gotta give it up, give it up  
Oh, you gotta give it up, give it up oh  
You gotta give it up, give it up  
Oh yeah (give it up, give it up)
