Sun so bright that I'm nearly blind  
Cool cos I'm wired and I'm out of my mind  
Warms the dope running down my spine  
But I don't care 'bout you and I've got nothing to do  
Free as the warmth in the air that I breathe  
Even freer than DMT  
Feel the warmth of the sun in me  
But I don't care 'bout you and I've got nothing to do  
Love in the middle of the afternoon  
Just me, my spike in my arm and my spoon  
Feel the warmth of the sun in the room  
But I don't care 'bout you  
And I've got nothin'  
And I've got nothin'  
And I've got nothin'  
I think I can fly  
Probably just falling
