Out of control
Out of control
Out of control

Sometimes I feel that I misunderstood
The rivers run and deep right through my thought
Your naked body's lying on the ground
You always get me up when I'm down

And it always seems we're runnin' out of time
We're out of control
(Out of control)
(Out of control)

Maybe I'm just scared of losin' you,
Or maybe it's the things you make me do
It seems to me we both should hang around
And raise the population of this town

And it always seems we're runnin' out of time
We're out of control
(Out of control)
We're out of control
(Out of control)

But It doesn't mean we're too far down the line
We're out of control
(Out of control)
We're out of control
(Out of control)

The record player keeps on turning round, it could be
stuck
Or maybe it's a sound all the time I should be there with
you
But maybe I'm just searchin' for the truth
Or maybe I'm just searchin' for the truth

And it always seems we're running out of time
We're out of control
(Out of control)
We're out of control

(Out of control)

But It doesn't mean we're too far down the line

We're out of control

(Out of control)

We're out of control

(Out of control)

Out of control

Out of control

Out of control

Out of control

Could be that I'm just losing my touch

Or maybe you think my moustache is too much

Satellite is out of control, but you and I are brothers of
the soul

And you and I will come in from the cold

Out of control

Out of control

We're out of control

Out of control
