A troubled mind
That's all you get when you're with me
It's pulling me away and I can't breathe
I've built my dreams on hopes
That I can't trust

I wish that I could settle for much less

Is it me
Am I the only one
The only one who holds a grudge
Against the man
For always letting me down

A silhouette
It's me I'm dancing in the dark
Our flame is fading soon the ash is all that remains
All I've got are dreams
Please don't wake me up
The sun reminds me of the scenery
Suit up and go to work

I play the part that's been given
To me the day I was born

Is it me
Am I the only one
The only one who holds a grudge
Against the man
For always letting me down

All I've got is you
