As Iâ€™m looking back
Time is not going to die
Nothingâ€™s ever coming back
And nothingâ€™s gonna stay

We held hands Iâ€™m sorry
The grace liquified
As my dreams took my life
We kissed I wouldnâ€™t lie
The shadows took shape as you eyes took my life.
(I would never regret it)

As I close my eyes
Donâ€™t trust my words.
Nothingâ€™s ever coming back
And I wonâ€™t stay
We held hands Iâ€™m sorry
The grace liquified
As my dreams took my life
We kissed I wouldnâ€™t lie
The shadows took shape as you eyes took my life.
(I would never regret it)

We held hands I'm sorry
We kissed I wouldnâ€™t lie.

As I head down
Im sorry
It doesnâ€™t matter
Shaking in disfeare Iâ€™m glad to admid it
I know I would lie

And I wonâ€™t stay
