

Chemical Vocation "Like An Infection"

Visit "[Like An Infection](#)" on MotoLyrics.com

I've been waiting for a chance
Been hoping some words can be erased
But some are ment to stay
As we grow up we learn

That the world is cruel
For all of those nights
You left me all alone
And all of the things you said is up to you

You breed just like an infection
And you stay forever
And time is running out
It's time to say goodbye

Feels like I'm stuck under water
Keeps pulling me under
My time is running out
This really means goodbye

I've tried to keep your head above
The surface for too long
Now it's time for me to cut the cord
And break free from your claws

I've kept you safe for long
But now you're on your own
I've kept you safe for long
But now you're on your own

But the world is cruel
For all of those nights
You left me all alone
And all of the things you said is up to you

You breed just like an infection
And you stay forever
And time is running out
It's time to say goodbye

Feels like I'm stuck under water
Keeps pulling me under

My time is running out
This really means goodbye

You see me burning baby
Burning through the sky
No I don't want you baby
Let me go

You must fight to stay alive
