I see a silhouette of hope  
While my eyes are almost closed  
with your hair around my fingers  
I kiss you for the first time  
A calm infects my stomach  
and i love the thrill

Minutes turns to hours  
when your anywhere but here  
I'm trying to remember last night  
Days turns in to weeks  
and my memories dissolves  
a burning desperation takes it's tone

I'm carried  
by the boredom  
and I'm tired and confused  
I'd like to think that  
there's a place for me and you

So test your wings  
and we'll fly away  
We'll leave this town for a better place  
as distance don't surrounds us  
and everything is easy  
I promise you it's easy

You said were moving  
way to fast  
I said its ok just relax  
Well give it time  
well give it hope  
We needed a new start  
with careful steps  
Were moving forward  
Just let it flow

So test your wings  
and we'll fly away  
We'll leave this town for a better place  
as distance don't surrounds us  
and everything is easy

I promise you it's easy

You're all that I need to feel alive

You're love is like a sunset in the summer
