Hurt us, she said you'd never hurt us,
And always feeling some support
Every way that we would go.
Careful, you better watch your step now.
No, we don't wanna take a stand
For your amateur mistakes.

Oh no, you've been discovered,
Run for your life!

From all the failure,
You made us take that fall,
But well never ever accept.

You believed I was on your side,
But I left when you stumbled, your humbled wings
Crumble.
What goes up goes down, but you don't know yet,
So you keep on anyway, ready, set, go!
Go!
I know, and you don't know for sure.
Pretty soon, yet we all know you're doomed
'Cause what goes up goes down,
Now were ready for the blow.

From all the failure,
You made us take that fall,
But well never ever accept.
We tried to stay off,
We now walk on our own,
But well always, always recall.

Ready, set, go, were waiting for the,
Ready, set, go, were waiting for the,
Ready, set, go, were waiting for the,
Ready, set, go!

From all the failure,
You made us take that fall,
But well never ever accept.
We tried to stay off,
We now walk on our own,

But well always, always recall.
