I know you're a gamester
I'm the queen of spades
A ruler of hearts
I Shoot the moon (Clash at the moon)
I take my trips right from the start
I'm a sucker for love
Joker running wild
My heart it can break
Ooh it can break
Frail as a child

CHORUS:

Whatever it is, it is
Whatever will be, it's gonna be
Whoever you are, you are
But those games that you play
Don't cha play'em with me

You're a visionary dreamer
A fool, leaving all things to chance (Fool in a state,
takes of chance)
Love is a hazard, ooh such a hazard
When you flirt with romance
It's like shootin' the dice
Flip a coin in the air
You running on luck
Odds are against you
You're not playing fair

Chorus

Stacking a deck, dealing the cards
Watch what you take
Standing on love
