Chorus:

Its too late to say you want me
But its too late
Once my love for you was so great
Its too late to love me now

Its too bad, you say you need me
Ah its too bad
And I know the feeling and its so sad
Its too late to love me now
Its too late to love me now

Dontcha you know how hard Ive tried
Hold out just for you
Loving you from memory day by day
Someone came into my life
And turned my dreams around
Well hes taking all the love you turned away

Chorus

Dontcha you know how hard Ive tried
Hold out just for you
Loving you from memory day by day
Someone came into my life
And turned my dreams around
Hes taking all the love you turned away

Its too bad, you say you need me
And its too bad
And I know the feeling and its so sad
Its too late to love me now
Its too late to love me now
