Chorus

I'm your prisoner
Oh (boy) you got me chained up
To your love
I'm your prisoner
Someone better free me from these
Thoughts that I'm thinkin' of

(Repeat)

Verse

Wrapped up in your arms
I'm a captive of your charms
This wall is much too high
I just wanna touch the sky
Beaten and abused
I've been tied up and confused
Caged up from the start
No one sees a broken heart
I never thought your love would
Threaten to hold me this way

Verse

Tracked down like a dog
I was wanted by your love
You caught me red-handed
I didn't know what you demanded

I can't escape your power
I'm getting weaker by the hour
You're such a wicked lover
You make me feel like no other
