Once we'd wake up everyday  
smiling remembering  
how we loved the night away  
but now we look for small talk when it's time to dim the  
lights  
and we both pretend we're tired  
we can always love some other night.

Chorus:

So we wake up in the morning  
and we go our separate ways  
dressing in our silence  
as the music softly plays  
and each day, like the day before  
we tell ourselves we'll try once more  
til once again we lay here  
barely touching in our bed

we're just two people clinging  
{whispered} to a thread.

and so we just pretend a bit  
and we never say the words  
that spell the end of it  
still we go on trying  
to fan the dying spark  
and sometimes even reach out  
for each other in the dark

Chorus:
