Won't you let me rock and roll you baby
I haven't seen you in a long, long time
I haven't fooled around with any candles lately
Just thought you might have some music in mind

Oh, I just want to serenade you
Maybe we could even live a verse or two
And I could finish this old love song
So I could start singing it to you, oh
I could start singing it to you
If I could finish this old love song
Then I could start singing it to you

Won't you come and boogie-woogie with me, baby
It's been a while since I held you close to me
I haven't met many boys like you, baby
Knew I would find you eventually

Oh, I just want to serenade you
Maybe we could even live a verse or two
And I could finish this old love song
So I could start singing it to you, oh baby
I could start singing it to you, oh honey
If I could finish this old love song
Then I could start singing it to you

If I could finish this old love song
Then I could start singing it
Then I could start singing it to you
Oh, to you, oh, to you baby, you
I said, to you
