This is a different kind of love song
This is a different kind of love song
This is a different kind of love song
This is a different kind

What if the world was crazy and I was sane
Would it be so strange?
I can't believe that I am alone in saying
The thing's I'm saying

I am part of you
These are universal truths
We're all part of the light
That flows through everything

This is a different kind of love song
Dedicated to anyone
Different kind of love song

This is a different kind of love song
A higher plane we can go on
Different kind of love song
Love song

What if the world calmed down and we all could
breathe
Together easily
Connecting the sky and the ground with you and me
And everything in between

I am part of you
We have living proof
There is some kind of light
That flows through everything

This is a different kind of love song
Dedicated to anyone
Different kind of love song

This is a different kind of love song
A higher plane we can go on
Different kind of love song

This is a different kind of love song
This is a different kind of love song

This is a different kind of love song
Different kind of love song

This is a different kind of love song
Dedicated to anyone
Different kind of love song

This is a different kind of love song
A higher plane we can go on
Different kind of love song

This is a different kind of love song
This is a different kind, a different kind of love song
