Grand morning many night time lovers
Wake up to become early morning strangers
He always looked different in the light of day
Grand morning many night time lovers
Who silently steps in all the changes
It's hard to make small talk
When there's nothing to say

[Chorus:]
Early morning strangers
Looking at each other
That is all we are to one another
Early morning strangers
Who wake up to discover
It's just no good without love
To live without love
It's no love at all

Somewhere baby there's got to be more
Somewhere baby there's a life worth living
No body takes more than they are given
Where love is forever, not just for a day

[Chorus]

Bye bye baby
I hope you find your love
And I hope I fine mine

[Chorus]

Bye bye baby
I hope you find your love
And I hope I fine mine
I hope you find your love
And I hope I fine mine
