Happy Was The Day We Met?

It hurts inside to know all the times
We have ever had a cry
To keep away the reasoning of why we lie
It only leads me down a lonely road

And strange of fates as a world to
A new and different time or place
To live away the time of day so we can race
Exactly what we choose not to believe

Chorus:
Happy was the day we met?
Never could I ever forget you
I know too well not to stay

We paid our price turn our head
Close our eyes and sacrifice
Excuses of love
That once was warm has turned to ice
But only leave me cold and so alone

Now memories of years and fun
Can only turn my eyes to see
All the good that's been undone
But I believe we're lucky just to learn
From what we were

Chorus:
And oooohhhh
Happy was the day we met?
Never could I ever forget you
I know too well not to stay

What about ooh yeah
Oh, oh, oh yeah
Oh if you go away
Oh , you so happy, baby

Repeating chorus:

And oooh,...
Happy was the day we met?
Never could I ever forget you
I know too well not to stay

Git Down (Guitar Groupie)

I'm a lady from the valley
Coming out to check a band
See I'm a crazy into rock and roll
I got to have a guitar man
I'm a sucker for his wa-wa
He's a hottest act in town
I know just how to push his pedal
So you know I can git down

[Chorus:]

I'm a git down-guitar groupie
And I live from riff to riff
I'm a git down-guitar groupie
Git down, downtown, lowdown
Guitar groupie, well
A guitar groupie, yeah

Shady lady from the get go
Watch me try to catch this man
See how to lure him with my seductiveness
Calling myself a fan
What a funky reputation
Is gonna follow me all over town
For there's a one thing
That he can say about his lady
She really knows how to git on down

[Chorus]

A woman on the road leads a lose and lovin' life
My advice is to all you ladies
Is you got to get around
Set your sights on who you're after
Feel the chords and git on down

I'm a git down-guitar groupie
And I live from lick to lick
I'm a git down-guitar groupie
Git down, downtown, lowdown, git down
Git down, downtown, lowdown, git down
Git down, downtown, lowdown, guitar groupie
Well, a guitar groupie yeah
Oh, a guitar groupie
Ah guitar groupie yeah

I got to git down on you mama
Git down on him now
Git down groupie wow wow wow
Git down on you mama
Git down on him now
Git down groupie wow wow wow
Git down on you mama
Git down on him now
Git down groupie wow wow wow
