Got another phone call
Someone wants to help
It's time I learned the truth, they said
About all the lies you tell
Though it's hard to hide the fear
What I heard is true
I rather trust the memories
The years of loving you

[Chorus:]

Yes (yes), yes (yes)
I'd rather believe in you
Yes (yes), yes (yes)
I'd rather believe in you
I know we've had our share
Of troubles long within the past
Till I know
I'd rather believe
I'd rather believe in you

No papers here to bind you
Only love to make you stay
Stories never latch
To either one anyway
Regardless of the many stories
I heard of things you do
Until you show me differently
Rather believe in you

[Chorus]

No, no, no
I don't wanna hear anymore
Oh don'tcha know
I heard it all before

[Chorus]

Yes (yes), yes (yes)
I'd rather believe in you (x5)
