When you pray with every breath
You know that is free as the love you have
Where does it end
It's too much for me to take
There's no peace, you close your eyes
I'm all out of truth, I'm outta alibis
Where does it end
It's too much for me to take

[Chorus]

We're gonna love one another 'til morning comes
Seek the sweet salvation for what we've done
Give up resisting one by one
One by one
He gives a new kinda meaning to what I am
I know that I could never love any other man
One of these days you'll understand
Understand

And his face his heaven sent
He makes me believe there must be something else
Where does it end
It's too much for me to take
I can feel the need in you
There isn't a thing, I want you do
Where does it end
It's too much for me to take

[Chorus x2]

We're gonna love one another 'til morning comes
Sweet salvation for what we've done
Give up resisting one by one One by one

We're gonna love one another

We're gonna love one another
Give up resisting one by one
One by one
