"Oh no", she said, "Dear daddy, daddy"  
"Oh no", she said, "Dear daddy, daddy"  
"Oh no", she said, "Dear daddy, daddy"  
"Oh no", she said, "Dear daddy, dear daddy"

When you pray with every breath  
You know, that is free as the love you have  
Where does it end?  
It's too much for me to take

There's no peace, you close your eyes  
I'm all out of truth, I'm out of alibis  
Where does it end?  
It's too much for me to take

We're gonna love one another till morning comes  
Seek the sweet salvation for what we've done  
Give up resisting one by one  
One by one

He gives a new kind of meaning to what I am  
I know that I could never love any other man  
One of these days you'll understand  
Understand

"Oh no", she said, "Dear daddy, daddy"  
"Oh no", she said, "Dear daddy, daddy"  
"Oh no", she said, "Dear daddy, daddy"  
"Oh no", she said, "Dear daddy, dear daddy"

And his face his heaven sent  
He makes me believe there must be something else  
Where does it end?  
It's too much for me to take

I can feel the need in you  
There isn't a thing I won't let you do  
Where does it end?  
It's too much for me to take

We're gonna love one another till morning comes  
Seek the sweet salvation for what we've done

Give up resisting one by one  
One by one

He gives a new kind of meaning to what I am  
I know that I could never love any other man  
One of these days you'll understand  
Understand, understand

We're gonna love one another till morning comes  
Seek the sweet salvation for what we've done  
Give up resisting one by one  
One by one

He gives a new kind of meaning to what I am  
I know that I could never love any other man  
One of these days you'll understand  
Understand

We're gonna love one another till morning comes  
Sweet salvation for what we've done  
Give up resisting one by one  
One by one

We're gonna love one another  
We're gonna love one another  
Give up resisting one by one
