It's early morning
I should be in bed
I guess you better go now
Got to work tomorrow
Rather sleep instead
But remember
My baby must be fed

See you looking like
You wanna kiss me now
I seen that look before
What's the use now
Use in trying now
Trying now
What didn't work before

Let's remember now
Things are different now
We both know where we stand
Sure would be ashamed
To lose your love again
You make it sound so good
But I can't take a chance

Please don't tell me
Please don't tell me That you love me
Please don't linger at my door
Please don't tell me
That you love me
Don't make me forget
That you don't live here anymore

It's early morning
I should be in bed
I guess you better go now
Got to work tomorrow
Rather sleep instead
But remember
My baby must be fed

Let's remember now

Things are different now
We both know where we stand
Sure would be ashamed
To lose your love again
You make it sound so good
But I can't take a chance

Please don't tell me
That you love me
Don't make me forget
That you don't live here anymore
