Rain, Rain

Everywhere I look I see rain

Why am I here if you're there  
So far away it's not fair  
To be without you like this  
I miss you more than you know  
The nights are long the days slow  
Without the warmth of your kiss  
Wish you were back here with me  
Cause out my window all I see is

Rain, rain in the sky  
Everywhere I look my eyes see  
Rain rain fallin down  
Cryin as it hits the ground  
Rain, rain in my eye every day that we're apart  
Rain, rain fallin rain

The sun is strong when you're near  
But when you're gone it disappears  
Behind an ocean of blue  
The telephone's not good enough  
It can't reach out, it can't touch,  
me the way that you do  
Wish you would knock at my door  
Cause only you can stop this pourin

Rain, rain in the sky  
Everywhere I look my eyes see  
Rain rain fallin down  
Cryin as it hits the ground  
Rain, rain in my eye every day that we're apart

Rain, rain fallin rain

Maybe I'll go outside and walk beneath the clouds  
pretend it's you that's watchin over me  
This isn't the only thing that calls between us now  
Baby, soon we'll be together

(Everywhere I look I see the rain)  
(Everywhere I look I see the rain)Rain  
(Everywhere I look I see the rain)  
Everywhere I look I see Rain  
(Everywhere I look I see rain)Rain  
(Everywhere I look I see the rain)  
(Everywhere I look I see the rain)

Rain, rain in the sky  
Everywhere I look my eyes see  
Rain rain fallin down  
Cryin as it hits the ground  
Rain, rain in my eye every day that we're apart  
Rain, rain fallin rain

(Rain, rain in the sky)Everywhere I look I see the rain  
Everywhere I look I see the rain  
(Rain, rain fallin down)But I don't see you  
You're not near me but I'm near you  
(Rain, rain in my eye)Everyday that we're apart  
Rain, rain(Fallin rain, rain)  
We'll never be the same(Rain, rain fallin rain)  
Baby you don't stop the rain
