All these streets are never ending
Tie them in a knot
Drive me through a red light waiting
For everyone to stop
Sing to me like Pavarotti
Sing to me of Spain
Take me to your operetta
And make it rain

Taxi, taxi give me a ride
I'm going to take you
To the other side
Taxi, taxi turn off you light
I'm going to ride with you all night

Take me to your meditation
Take me to your door
Show me love's sweet revelation
Lying on your floor
Hold me in your arms forever
Take me to the end
Drive me to the edge of nowhere
And sing again

Taxi, taxi give me a ride
I'm going to take you
To the other side
Taxi, taxi turn off you light
I'm going to ride with you all night

You're as cool as Colorado
And Orpheus on fire
Crash the car into a rainbow
Here with me tonight
All the satellites are shining
In the starry sky
I can feel your arms surround me

Higher and higher

Taxi, taxi give me a ride
I'm going to take you

To the other side
Taxi, taxi turn off you light
I'm going to ride with you all night

Taxi, Taxi
Taxi, Taxi

Sing to me like Pavarotti

Sing to me

Taxi, taxi give me a ride
I'm going to take you
To the other side
Taxi, taxi turn off you light
I'm going to ride with you all night

Taxi, Taxi give me a ride...

...I'm gonna ride with you all night

Taxi, Taxi (I'm gonna ride with you all night)
I'm gonna ride with you all night.

I'm gonna ride with you all night.
I'm gonna ride with you all night.

Taxi, Taxi (I'm gonna ride with you all night)

Taxi, Taxi

I'm gonna ride with you all night (Taxi, Taxi)

I'm gonna ride with you all night!

I'm gonna ride with you all night...

Taxi, Taxi!
