Yeah, I got a reputation  
Never had a single thought of settling down  
As the train would leave the station  
Never shed a single tear just, said my goodbyes

But you touched me deep inside  
Now I can't believe  
I'm the one who's looking back  
As you said goodbye to me

Whenever you're near, I'm in ecstasy  
Whenever you're gone, I'm in misery  
Don'tcha know that you bring out the best in me  
Whenever you're near

Yeah, 'cause my share of sorrow  
I walked off on promises and love's passed me by  
But now you've turned the tables  
See you make me feel as though it's my turn to die

There's a little girl inside  
Who's lost on her way  
Only you can bring me back  
I know you know the words to say

Whenever you're near, I'm in ecstasy  
Whenever you're gone, I'm in misery  
Don'tcha know that you bring out the best in me  
Whenever you're near

I feel your chemistry, boy watcha do to me  
I lose all control  
And when the morning comes, yeah, you loved and  
gone  
Don'tcha know I need it over and over and over and  
over again

Yeah, you touched me deep inside  
Now I can't say no  
Dragged my heart around  
I'm never gonna let you go

Whenever you're near, I'm in ecstasy  
Whenever you're gone, I'm in misery  
Boy, you don't understand whatcha do to me

Whenever you're near, I'm in ecstasy  
Whenever you're gone, I'm in misery  
Don'tcha know that you bring out the best in me  
Whenever you're near
