I've got a girl and you've got a
I'm like a man and you're like a
I've got a dog and you've got a
I'm up in Heaven, you're on a

If you see it
And you think about let it go
To be end of the street
And you think about where to go

You've got a home and I've got a
You're on the phone when I'm on the
You're in the dark and I'm in the
You've got to stop when I'm on

Edge of my seat
And I think about where to go
Through the end of my street
And I think about where to go, oh go

I've seen a ghost and you've seen a
I left a note and you leave a
You're on the road and I'm on the
You're in the mood and I'm in a

I've got a thing and you've got a
You've got it good and I've got it
I'm feeling weird and you're feeling
I'm coming back and you're leaving
Bye-bye
