Tell me something away from trouble
And away from doubting
Tell me straight from the spirit
From the top of the mountain

Let love be the reason between me and you
As real as the morning, as fresh as the dew
If fates got a hold then it's up to you
It's a simple thing we've got to do

Just a listening man
Try to understand
Just a listening man
Do the best I can

Tell me something before I stumble
And show my weakness
Tell me right on the limewire
Fighting for progress

I can hear there's a sound that's coming through
There's a post in the ground so what we gonna do?
You can have all your dreams if you really believe
In something that's something true

Just a listening man
Trying to understand
Just a listening man
Do the best I can

Just a listening man
Try to understand
Just a listening man
Get carried through this land

Tell me something without any lies
That cover my feelings
Give me time now I understand
These lessons have meaning

Let love be the reason between me and you
As real as the morning, as fresh as the dew

If fates got a hold then it's up to you
It's a simple things we've got to do

Just a listening man
Try to understand
Just a listening man
Do the best I can

Just a listening man
Try to understand
Just a listening man
Get carried through this land

Just a listening man
Do the best I can
Just a listening man

I'm a listening man
I'm a listening man
I'm a listening man
I'm a listening man
