Cheri Dennis, Bad boy
Come on, Jim Jones

Now what would Diddy say if he caught you in my
coupe
On the way up town with the boy getting loose
Tearin' through the blocks, tearin' off the tops
Put sundie in yo face, it's glarin' off my rocks

I had to ask her how she felt
She said, "Let's ride", she ain't strapped in the seat
belt
I stay fly, fitted cap with a mean belt
That's the thug that was makin' her knees melt

Boy I trust you and all
But I've been here before you
You remind me of pain
But I can't ignore you

After I met you boy
I try my best not the think of you
Such a silly game to play
To eventually just lose to you

Can I get another chance to hold you tonight?
Dance on my left and things feel so right
Hold you boy with all of my might
Just don't let you slip away

I pour my heart out to you from now to daylight
So you could know hurting you was never my right
I'm trying to see what's in the cards for tonight
Boy, accept this as my plea

I love you, I love you, I love you, hey, hey
So don't break my heart
I love you, I love you, I love you, hey, hey
So don't break my heart

I felt a weight lift from my chest
Now that you know just how I feel

I held it in for far too long
I couldn't tell if this was real

I never thought I'd understand
How it feels to be hurt and to love again
You made it possible for me
That's why I'll give you anything

Can I get another chance to hold you tonight?
Dance on my left and things feels so right
Hold you boy with all of my might
And almost let you slip away

I poured my heart out to you from now to daylight
So you can know hurting you was never my right
I'm trying to see what's in the cards for tonight
Boy, accept this as my plea

I love you, I love you, I love you, hey, hey
So don't break my heart
I love you, I love you, I love you, hey, hey
So don't break my heart

Just like the stars in the sky, you brought light to my life
That's why I love you, just don't break my heart
Without you by my side, I was wasting my time
But now I love you, just don't break my heart

That's right Yung Joc
Look, I think she love me, I think she love me not.
Anywhere I touch her turn to a hot spot
Look into my eyes, baby, tell me what you see
Grade A Hustler, Certified G

Only one question what attracted you to me
The way I do me, make you weak to your knees
Now Cheri you know a can't wait to put my hands
On that lil' cherry coke bottle shape like, uh

You say a make your heart jump like, uh
You say a give you goosebumps like, uh
Send chills up and down your spine
Uh, Young Joc like to watch it from behind

I love you, I love you, I love you, hey, hey
So don't break my heart
I love you, I love you, I love you, hey, hey
So don't break my heart

Just like the stars in the sky, you brought light to my life
That's why I love you, just don't break my heart

Without you by my side, I was wasting my time
But now I love you, just don't break my heart

I love you, I love you, I love you, hey, hey
So don't break my heart
I love you, I love you, I love you, hey, hey
So don't break my heart

Baby, don't my heart, don't my heart
Baby, don't my heart, don't my heart
Don't break it
