Ohh, yeahhh
Really wish I could

[Verse]

If only someone could unbreak my heart
Calm away my pain
Somehow I could wish upon a star
And make all of the memories go away
But, my mind just keeps goin' back
And I cant help but think about that guy
That's gonna make me miss out on you
And I can't help but remember bout that
Sad day in September, that day he
Took my heart with him hen he left, ohhhh

[Chorus]

See eventually I will get through this
But, right now it seems my heart's in the way
I apologize for the way that I treat ya,
But I gotta leave ya, unless somehow I
Come across a case of
Amnesia, amnesia, amnesia (to forget, to forget, to
forget the part of me)
Amnesia, amnesia, amnesia (to forget, to forget, to
forget the pain)
Amnesia, amnesia, amnesia (it'll make, it'll make, it'll
make me better)
I gotta leave ya, I gotta leave you

[Verse]

I try to leave the past behind me
But it just hurts so bad, ooooo
And I told myself, plase don't cry
Let it go, and let the past be the past
But, my mind just keeps goin' back
And I cant help but think about that guy
That's gonna make me miss out on you
And I can't help but remember bout that
Sad day in September, when you took my
heart and just ran away, ooooo

[Chorus]

See eventually I will get through this (I gotta get through it)

But, right now it seems my heart's in the way (But it hurts so bad)

I apologize for the way that I treat ya, (for the way that I treat ya)

But I gotta leave ya, unless somehow I (But I gotta leave ya)

Come across a case of (case of amnesia)

Amnesia, amnesia, amnesia (to forget, to forget, to forget the part of me)

Amnesia, amnesia, amnesia (to forget, to forget, to forget the pain)

Amnesia, amnesia, amnesia (it'll make, it'll make, it'll make me better)

I gotta leave ya, I gotta leave you

[Verse]

Everytime you try to get closer to me

I'm fallen back cause I can't go

Down this road again

Memories won't go away,

Constantly in control of my life

I wanna erase it all, and forget about it all

[Bridge]

See eventually I will get through this

But, right now it seems my heart's in the way

I apologize for the way that I treat ya,

But I gotta leave ya, unless somehow I

Come across a case of

Amnesia

[Chorus]

See eventually I will get through this (Maybe one day I will)

But, right now it seems my heart's in the way (But right now it's just too hard)

I apologize for the way that I treat ya, (and I apologize, never really meant to break heart)

But I gotta leave ya, unless somehow I (But I gotta leave)

Come across a case of

Amnesia, amnesia, amnesia (to forget, to forget, to forget the part of me)

Amnesia, amnesia, amnesia (to forget, to forget, to forget the pain)

Amnesia, amnesia, amnesia (it'll make, it'll make, it'll make me better)

I gotta leave ya, I gotta leave you
