Oh, yea, yeah
Really wish I could
(Wish I could)

If only someone could unbreak my heart
And come relieve my pain
If somehow I could wish upon a star
And make all of the memories go away

But my mind just keeps on going back
And I can't help but think about
That guy that's gon' make me miss out on you
(Out on you)

And I can't help but remember
'Bout that sad day in September
That day he took my heart with him
When he left, oh

See, eventually I will get through this
But right now it seems my heart's in the way
I apologize for the way that I treat you
But I gotta leave you

Unless somehow I come across a case
Of amnesia, amnesia, amnesia, amnesia
(To forget, to forget, to forget the heartache)
Amnesia, amnesia, amnesia
(To forget, to forget, to forget the pain)

Amnesia, amnesia, amnesia
(It'll make, it'll make, it'll make things better)
I gotta leave ya
(Oh, oh, oh)
I gotta leave you

I tried to leave the past behind me
But it just hurts so bad, oh
And I told myself, please don't cry
Let it go and let the past be the past

But my mind just keeps on goin' back

I can help but think about
That guy that's gon' make me miss out on you

And I can't help but remember
'Bout that sad day in September
When he took my heart
And just ran away, oh

See, eventually I will get through this
(I gotta get through it)
But right now it seems my heart's in the way
(But it hurts so bad)

I apologize for the way that I treated you
(For the way that I treat ya)
But I gotta leave you
(But I gotta leave you)

Unless somehow I come across a case
Of amnesia, amnesia, amnesia, amnesia
(To forget, to forget, to forget the heartache)
Amnesia, amnesia, amnesia
(To forget, to forget, to forget the pain)

Amnesia, amnesia, amnesia
(It'll make, it'll make, it'll make things better)
I gotta leave ya
(Oh, oh, oh)
I gotta leave you

Every time you try to get closer to me
I'm fallin' back 'cause I can't go down this road again
Memories won't go away, constantly in control of my
life
I wanna erase it all and forget 'bout it all, oh

See, eventually I will get through this
But right now it seems my heart's in the way
I apologize for the way that I treat you
(For the way that I treat ya)
But I gotta leave you
(I gotta leave you)

Unless somehow I come across a case
Of amnesia
See, eventually I will get through this
(Maybe one day I will)
But right now it seems my heart's in the way
(But right now it's just too hard)

I apologize for the way that I treat you

(I apologize, never meant to break your heart)
But I gotta leave you

Unless somehow I come across a case
Of amnesia, amnesia, amnesia, amnesia
(To forget, to forget, to forget the heartache)
Amnesia, amnesia, amnesia
(To forget, to forget, to forget the pain)

Amnesia, amnesia, amnesia
(It'll make, it'll make, it'll make things better)
I gotta leave ya
(Oh, oh, oh)
I gotta leave you
