I ain't even trippin', shortie, I ain't even mad
And I ain't even trippin', shortie, I ain't even mad
I ain't even trippin', shortie, I ain't even mad
And I ain't even trippin', shortie, I ain't even mad

I used to hang out with my boo, boo, chill out with my
boo, boo
He used to be my boo, boo, oh nah
And he would call me boo, boo, and I would call him
boo, boo
But no, he ain't my boo, boo, oh nah

Somehow we've grown apart
And I can't seem to find your place in my heart
Don't wanna say we're finished, wanna go back to the
start
But it's hard and I just seen you with another girl but I

I ain't even trippin', trippin', I ain't even mad at ya
I ain't even trippin', trippin', I ain't even mad at ya
I ain't even trippin', trippin', I ain't even mad
'Cuz me and you been over, which means that I been
over

You, you, you, you, you, you, over
You, you, you, you, you, you, over
You, you, you, you, you, you

I was in the club with my boo, boo, in love with my boo,
boo
Can't tell me nuttin' 'bout my boo, boo, oh nah
I use to fight over my boo, boo, lookin' right for my boo,
boo
Now I ain't that tight with my boo, boo
I fell out of bein' in love with you

Somehow we've grown apart
And I can't seem to find a place in my heart
Don't wanna say I'm finished, wanna go back to the
start
It's so hard to see you with another girl, ohh

I ain't even trippin', trippin', I ain't even mad at ya
I ain't even trippin', trippin', I ain't even mad at ya
I ain't even trippin', trippin', I ain't even mad
'Cuz me and you been over, which means that I been
over you

You, you, you, you, you, you, over
You, you, you, you, you, you, over you, oh
You, you, you, you, you, you, ooh

I've been pushing you to the edge
I've been twistin' your wrist so that you would leave
this, aha, aha
And now we're more like fadin' pink
We used to be bright red, and now we ain't and I ain't
trippin'

I ain't even trippin', trippin', I ain't even mad at ya
I ain't even trippin', trippin', I ain't even mad at ya
I ain't even trippin', trippin', I ain't even mad
'Cuz me and you been over, which means that I been
over

You, you, you, you, you, you, over
You, you, you, you, you, you, over
You, you, you, you, you, you
There's no more wound in my heart for you, babe

I ain't even trippin', trippin', I ain't even mad at ya
I ain't even trippin', trippin', I ain't even mad at ya
I ain't even trippin', trippin', I ain't even mad
'Cuz me and you been over, which means that I been
over

You, you, you, you, you, you, over
You, you, you, you, you, you, over
You, you, you, you, you, you

I ain't even trippin', shortie, I ain't even mad
I ain't even trippin', shortie, I ain't even mad
I ain't even trippin', shortie, I ain't even mad
I ain't even trippin', shortie
