1st Verse:

Page us to depression As you realize that your helpless  
Do you mind if I suggest you let it burn  
Take it from a broken-hearted scholar ;  
Who woulda; bet my bottom dolla;  
We would work but I consider lesson learn

Bridge:

(I know your heart is breaking down)  
Could you feel the pain workin  
(I bet you feel so lonely now)  
And theres no one there to comfort you  
(You thought she be the one you call on)  
And she left you all alone  
(but the tears you shed you can count on)  
But your tears wont let you down  
So cry cry cry

Cry Cry Cry Cry  
Fill me up an Ocean  
Cry me up a river

Sleep now baby,  
But when you wake up it will be the same

It wont last forever

I know it may be cold but I, I still can't wish you well
