So you claim you've got a girl and that she's good to
you
But I say you're just a boy and boys break all the rules
We could keep it secret where nobody has to know
Let me be your secretary it'll look professional.
Don't you want a little adventure
Something your not getting at home
Don't you want a little excitement
Something that will turn you on
Let me give you a little attention
When she's doing you wrong
And I just want you to take all of your frustration out on
me
Baby baby
I really really hope you're ready 'cause my love it
ain't more than ready
Breaking her heart ain't necessary when I can be your
secretary
I'll hold all your calls on my list "The things to do"
And then we can do whatever you wanna do
Some girls think I'm crazy and some just think I'm
wrong
But at least I'm not the one who's gonna lead you
on
'Cause i don't want no strings attached and
when it's over she can have you back
But I know you wanna stay so call your girl and tell her
that your working late
Don't you want a little adventure
Something your not getting at home
Don't you want a little excitement
Something that will turn you on
Let me give you a little attention
When she's doing you wrong
And I just want you to take all of your frustration out on
me
Baby baby
I really really hope you're ready 'cause my love it
ain't more than ready
Breaking her heart ain't necessary when I can be your
secretary
I'll hold all your calls on my list "The things to do"

And then we can do whatever you wanna do
I really really hope you're ready 'cause my love it
ain't more than ready
Breaking her heart ain't necessary when I can be your
secretary
I'll hold all your calls on my list "The things to do"
And then we can do whatever you wanna do
Baby let me be your secretary
I know how to do whatever you tell me
Let our bodies still be talking
And I know you gonna like it
And I'll let you take control
I just wanna get physical
I really really hope you're ready 'cause my love it
ain't more than ready
Breaking her heart ain't necessary when I can be your
secretary
I'll hold all your calls on my list "The things to do"
And then we can do whatever you wanna do
I really really hope you're ready 'cause my love it
ain't more than ready
Breaking her heart ain't necessary when I can be your
secretary
I'll hold all your calls on my list "The things to do"
And then we can do whatever you wanna do
